

WELCOME!

We are so pleased that you have joined us here at PARN. To make life easier, have a look through this document which will briefly explain (and link you to) the main benefits and how to make the most of your membership!

WHO ARE WE

PARN was set up by Prof. Andy Friedman in 1998. We are a not-for-profit membership organisation for professional bodies. We offer expertise, experience, and perspective on key issues in the sector through research, bespoke services, networking, events, and training.

By joining PARN we have demonstrated our commitment to the implementation of good practice within our organisation, to provide value to our members and to further the reputation of the professional bodies sector.

You can use these comments on your website and display the PARN Members badge below to show your commitment!

Engaging with PARN research, services and being part of an active network of Professional Bodies shows that we are embracing the opportunity to share knowledge and promote best practice.
